This map shows roads in and around the Town of Alta (ToA). Data pertaining to roads, structures, ski lifts and the town boundary was developed by the ToA. The address grid was taken from the "Master Address Directory: Alta, UT" of 1991. The address grid is an extension of the Salt Lake Valley Grid System.

Data pertaining to hydrology was acquired from the Automated Geographic Reference Center (AGRC). The ToA generated the contour lines from the National Elevation Dataset, acquired from AGRC.

This map was produced by Sam Goedecke, GIS Specialist, Town of Alta on 1.9.07.
