

PLEASE JOIN US ON THURSDAY, APRIL 19, 2018 TO DISCUSS SOME UPCOMING CHANGES IN ALBION BASIN

WHEN and WHERE IS THE MEETING?

Thursday, April 19, 2018

Albion Grill – 10209 East Little Cottonwood Road Alta, UT 84092

From 6pm – 7pm

WHAT IS THE MEETING ABOUT?

- It is a public open house to learn about some upcoming changes to visitor use management in Albion Basin this summer.

WHY ARE THE CHANGES BEING PROPOSED?

- The current popularity of Albion Basin and projected increases in area population and tourism is contributing to increasing concern about user demand with regard to sustainable visitation levels, recreation, transportation and natural resource protection.
- The Forest Service and their partners have been studying use in the basin to try to provide sustainable recreation.
- As a result of the studies, the Forest Service will implement a pilot solution during the summer of 2018 in which Alta Ski Lifts will take over management of the Albion Basin under their current Special Use Term Permit.
